METASYS technical and sales trainings

The correct installation, maintenance, servicing and monitoring of our METASYS products requires professional and detailed product knowledge.

In order to meet these quality requirements, each of our commercial partners should have appropriately trained staff in the technical and sales team. This is the only way to guarantee a high quality service package for the end customer in the future.

For this reason, METASYS regularly organises product and sales training courses in Innsbruck. After prior consultation, such training can of course also be carried out by one of our Area Sales Managers directly at the distribution partner's premises.

Registration | Participation fee

To register for the METASYS TEAMTRAINING course please return the fully completed and signed registration form (on page 6) to METASYS:

E-Mail: teamtraining@metasys.com

Registration for only one of the two training days is also possible. The participation fee is **€ 77,50 (2 days) / € 48,50 (1 day)** per participant. The invoice/confirmation of training registration will be issued upon receiving the registration and must be paid upon receipt without deduction of discount.

The invoice for the training fee and hotel reservation information will be sent to you approximately 7-10 days before the training date. Cancellations made within 7 working days of the training date will incur a 100% cancellation fee.

Dates (Thursday/Friday)

■ **September 24 / 25, 2026**

Registration deadline:

Binding registration by September 10, 2026. For registrations received after this date, hotel reservations through METASYS can no longer be guaranteed.

Organisation | Contact

Arrival and Departure | Accommodation | Food

Arrival and departure need to be organised by the participants at their own expense.

METASYS books the hotel and covers one night accommodation for the participants from Thursday to Friday. **If the participation is cancelled less than 10 working days before the training, possible hotel costs have to be covered by the participant.**

The catering during the METASYS TEAMTRAINING will be paid by METASYS. On Thursday evening, METASYS invites all participants to a relaxed dinner in the old town of Innsbruck.

Training documents | Certificates

Each participant will receive a METASYS TEAMTRAINING folder containing training material, technical documents, spare parts lists and current METASYS information brochures.

Each participant receives a **certificate** at the end of the course.
Period of validity of the course certificate: **2 years from course date**

Protect what you need

Integral solutions for modern dentistry

Dental equipment

It all started with the amalgam separator

Hygiene & Disinfection

The GREEN&CLEAN product range

Disposal & Recycling

A comprehensive recycling concept

The success story of an innovative idea!

The METASYS Group has established itself worldwide as a manufacturer of high quality dental products.

At the beginning of the 1980s, Bruno Pregenzer, the company's founder, recognised the dangers of continuous mercury contamination of dental waste water. He went on to develop the first amalgam separator, a device that filters and collects mercury-containing amalgam from dental unit process water. This prevents the highly toxic substance from leaching into groundwater and contaminating it.

METASYS was founded in 1988 and within a few years became one of the world's leading manufacturers of amalgam separators. Since then, the most renowned dental equipment manufacturers have fitted their equipment with METASYS amalgam separators. However, METASYS' vision was to provide a total solution to the amalgam problem.

Today, METASYS still presents itself as an expanding Tyrolean company, which has become a reliable partner for dentists, trade and industry with its innovative products and reliable service.

3 strategic business branches, 1 strong partner!

Dental equipment:

METASYS manufactures water decontamination systems, amalgam separators, hygiene systems, dry suction systems, semi-wet suction systems, compressors and spittoon and seat selection valves.

Infection control:

Since the mid-1990s, METASYS has been developing modern hygiene and disinfection solutions under the umbrella brand name GREEN&CLEAN. The success of this product group is due to the broad spectrum of efficacy, the attractive and innovative design and the well thought-out application of all products.

Recycling:

METASYS believes that amalgam separation without subsequent recycling is only half the solution to the problem. It is therefore part of METASYS' vision to provide every dentist worldwide with an easy and affordable way to dispose of all types of amalgam waste. Its subsidiary, METASYS logistics & collection GmbH, offers a comprehensive collection and recycling service for all types of amalgam-containing dental waste in Europe and overseas.

Registration Form

Dates

☐ September 24 / 25, 2026

☐ 1st and 2nd training day (€ 77,50-)

Privacy notice

We process the personal data collected with this form (hereinafter "the data") in order to ensure optimum support for our customers with regards to the METASYS TEAMTRAINING provided by us, and to be able to send them - as described in detail below - current information and offers on our products and services from time to time. Accordingly, METASYS Medizintechnik GmbH is responsible for compliance with the provisions of the data protection law:

METASYS Medizintechnik GmbH
Florianistrasse 3
6063 Rum bei Innsbruck, Austria
Tel: +43 512 205420, Fax: +43 512 205420 7
Email: datenmanager@metasys.com

Purposes and legal bases of data processing

We shall use the given company master data (company, address and contact data, etc.) to register your company in our customer database. This shall in particular be used for the purpose of fulfilling contractual obligations in connection with the METASYS TEAMTRAININGS offered by us. The legal base for this is Art. 6 para. 1 item b) of the General Data Protection Regulation (GDPR).

We shall process this data to be able to send our customers individual information and current offers on METASYS products and services from time to time. This data processing for the purpose of direct advertising shall also be in our legitimate interest. The legal bases for this are Art. 6 para. 1 items b) and f) GDPR.

Data security/passing on of data to third parties/duration of storage

The data you provide will of course be treated confidentially and protected by suitable technical and organisational precautions against loss and changes as well as unauthorised access by third parties.

For internal administrative purposes, personal data of our customers are processed and stored in a central data management system of the METASYS Group, i.e. METASYS Medizintechnik GmbH and its EU affiliates. METASYS Medizintechnik GmbH is responsible for compliance with the provisions of this privacy policy and applicable data protection law. This data processing for administrative simplification and optimization is in the legitimate interest of METASYS Medizintechnik GmbH. The legal basis for this is Article 6 (1) lit. f) GDPR. We will not disclose your data to third parties outside the METASYS Group, unless we make use of specially selected and contractually obligated service providers (e.g. technicians, delivery services, printers) to fulfil the purposes stated in this privacy statement. The confidentiality and security of your data will be thereby be ensured in accordance with our privacy policy and applicable law.

If the customer opts for a hotel reservation as part of the registration process, we will pass on the personal data contained in the registration - as far as necessary - to the respective hotel. The legal bases for this is Art. 6 para. 1 item b) of the General Data Protection Regulation (GDPR).

We shall store your data for as long as this is necessary for the aforementioned purposes and due to statutory documentation and retention obligations. If you no longer wish to receive information and offers from us, you can inform us at any time in accordance with section 3. In this case, we shall store your data for as long as this is legally required with regard to subsequent documentation or accountability obligations or with regard to the limitation of any mutual legal claims.

The data will not be processed outside the European Union, unless the special data protection requirements of the GDPR are met.

Your rights

If and insofar as the respective legal requirements are met, you shall be entitled to request information from us about personal data or data processing concerning you (Art. 15 GDPR), rectification, erasure and restriction of personal data or data processing concerning you (Art. 16 to 18 GDPR) and transfer of personal data concerning you (Art. 20 GDPR).

Furthermore, if the requirements of Art. 21 GDPR are met, you shall have a right of objection to data processing that relates to a "legitimate interest" of the person responsible pursuant to Art. 6 para. 1 item f) GDPR or that is used for direct advertising. To exercise the aforementioned rights or if you wish to withdraw your consent to the processing of your personal data in whole or in part with effect for the future, you can contact us via the aforementioned contact details, in particular by using the e-mail address datenmanager@metasys.com.

Article 77 para. 1 GDPR also gives you the right of appeal to a supervisory authority, in particular in the Member State in which you are staying, in which you are working or where you suspect infringement of the GDPR to have taken place, if you believe that the processing of personal data concerning you is in contravention of the GDPR.

The data protection authority responsible for us in Austria is:

Österreichische Datenschutzbehörde
(Austrian Data Protection Authority)
Wickenburggasse 8
1080 Wien, Austria
Telefon: +43 1 52 152-0
Email: dsb@dsb.gv.at
